

FRAMEWORK GROUNDING KITS

Type: For 7/8-inch cable

Part Number:180/005

Diamond Optics Pty. Ltd. is a leading designer, developer and manufacturer of optical connectivity products for the telecommunications, harsh environment, military and medical markets. The Frame Work Type / high speed grounding kit is compact design for the outdoor cables grounding. The tinned copper strip framework type grounding kit enables a quick installation and cost efficiency.

Components

SI NO.	NAME	TYPE	QTY	NOTE
1	Ground Kit	7/8"	1 pcs	Tinned copper
2	Grounding Cable	6AWG	1 pcs	0.6m
3	Bolt	M8×25	1 pcs	Stainless Steel
4	Nut	M8	1 pcs	Stainless Steel
5	Washer	φ8	1 pcs	Stainless Steel
6	Spring Washer	φ8	1 pcs	Stainless Steel
7	Cable plug	M8 one hole	1 pcs	Tinned copper

Basic capability

- Touch Resistance : $\leq 0.02 \Omega$;
- Insulation Resistance : $\geq 500M\Omega$;
- Resists Trike Electricity : $\geq 50 \text{ KA}$
