

# OPTICAL CONNECTOR ASSEMBLIES

## Diamond Optics

To service the industry with high performance cost effective solutions & on time delivery

Local support and manufacturing

Local engineering expertise

Qualified product to the highest level

### PRODUCT TYPE

#### Optical fibre connectors

Single fibre core aligned products

Single fibre monoblock products

Multiport connectors 8,12 &24

Multi-fibre breakout cords 3 - 24F

Low IL products TELSTRA + IEC COMPLIANT

#### Core aligned products

SC, SC/APC, LC, E-2000, FC, FC/APC

#### Monoblock products

SC, SC/APC, LC, FC, FC/APC

### FEATURES

Low Loss meet IEC Grade A standards

Low loss Meet Telstra Grade A standards

Telstra approved products

Bend insensitive FRH ROHS sheath material

Diameter 1.6mm or 3.0mm available

RFID enabled for network digitization

Fast delivery

All attenuators meet Telstra specification limits and high power requirements

LC short boots available

1000 mating cycle

Multifibre MTP 12 and 24core connectivity with

Pull tab and Elite performance

### PERFORMANCE STANDARDS

IEC 61753-1 Grade A Not ratified

IEC61300-3-35 End face inspection performance

Telstra 1557 Part 2 Issue 6

Telcordia 326 Issue 4
