

PRODUCT DETAILS

Diamond Optics provides ODVA Connectors that are designed to exceed industrial standards and performance of standard ODVA connectors in the market. Our ODVA connectors meet IP68 rating. Diamond ODVA would be the best option for a low cost, high performance outdoor optical connector solution for Fiber to the Antenna, Industrial, Mining & other harsh environmental applications. We offer simplex (1 fiber) version of SC/PC, SC/APC and Duplex (2 fiber) version of LC/PC and LC/APC, Multi fiber version with MPO connectors. We offer all Telstra Grade 'A' connectors on our ODVA assemblies

FEATURES

- • Quick and Easy Installation.
- • Low Cost Solution
- • Available in SC Simplex and LC Duplex Configurations
- • Single mode and multimode versions available.
- • Multi fiber version with MPO connectors
- • IP68 sealing rated

APPLICATIONS

- Maintenance in Telecom
- Maintenance CATV
- Fiber Optic Lab Testing
- Other Fiber Optic Measurements
